12 August 2020

P=Party day is back on track!

We're so glad to be back, and our long-awaited P=PARTY day is scheduled for this week Friday (14 August)!

Children are invited to wear anything that begins with a "P" (e.g. pyjamas, pirate, pink, punk, poor, princess, painter etc).

Our pupils also get to snack anytime ALL DAY (the teachers promise to "not see" while you snack under your masks in class). Snacks have to begin with "p" (e.g. peanuts, pretzels, pringles etc.) and be small enough to keep in pockets or packets for that perfect class moment.

We're looking forward to all the p-fun!

Academic year and 2020 curriculum is still on track

It is obviously an understatement that this school year has been interesting, but through it all, we are really thrilled to remind you that our pupils are still on track with the FULL syllabus for their grades for 2020. Reports are due to go out on the 11th of September. Well done teachers and pupils, and onwards forwards!

There is life!

Our preschool kiddies are in for the annual treat of watching baby chickens emerge from their eggs in glass incubators this week. What a joy to experience this miracle that reminds us that there is hope in the most trying circumstances. Be sure to ask your little one all about it! The first chicks should hatch on Thursday morning.

Thank you

We would like to extend our thanks to Mrs Govender-Dhooma who donated Jik cleaning products to our school. We appreciate the thought and practicality of the gift!

Playing fair...

It becomes critical at this time of the year for us to know if you are NOT planning to come back in 2021. Particularly our little Grade R pupils. Please let us know, as we do currently have a waiting list for Grade 1.

Recapping some CoVid basics...

Just a reminder to keep us all refreshed...

1. School uniforms are not necessary at present, so you can wash your clothing daily.
2. Masks are compulsory while pupils are moving around or playing outdoors. Face shields may only be worn by pupils seated at their desks. Pack in a spare mask as a back-up please.
3. If a person living in your home has tested positive for CoVid, your child MUST quarantine too (at least for 10 days).
4. Sick children must remain at home.
