200 blocks of love...

Congratulations to our moms, kids and gran's who have stitched together their first colourful Solid Foundations blanket in support of the 67 blankets for Nelson Mandela Day. We have proudly collected 200 crocheted and knitted squares for this awesome cause. Well done!

A-camping we will go...

Thank you for your feedback regarding the senior primary year-end camp. It was almost unanimously agreed by you as parents that our children would prefer to *GO AWAY* for three days instead of the field-trip idea. Please can all of our Grade 5 - 7 pupils confirm that they will attend the camp so that we can finalise our numbers. RSVP via email or phone-call by Friday please.

Picture perfect...

The school photo's are beautiful and Grade 1-7 pupils need to place orders for their photo packages. Class teachers are collecting the orders and payments. Please can all photo money be paid by Friday. Mickey Mouse pupils have already paid for their photos in their "Outings and Shows" package, so no preschool photo payments are necessary. The cost per set is R50.

Roll out the Eisteddfod...

Our Grade 1's performed their choral verse yesterday and were congratulated for their neat appearance and excellent performance. A+ for both classes! Well done!!

Just a reminder that the children represent our school at the Eisteddfods, so neatness, friendliness and punctuality are essential and are what separates our school from the regulars! Entrance fee for spectators seems to have gone up a bit this year. Bring along R10 for each family member.

Science Club...

We've had a terrific time the last two Fridays with a myriad of intense experiments. Science club will feature again next month with new science sensations. Just a reminder that the science classes are deliberately kept small. If you pay for your child to attend a science lesson and your child does not do so on that Friday, you will unfortunately forfeit your payment and it cannot be refunded. We apologise for the tough-guy routine, but it just becomes an administrative problem if we pre-select a handful of children and we have non-attendees. See you again in September!

Theme for Mickey Mouse next week...

Day time, night time!

Prayerfully and playfully
The teachers

PS.: Should you need transport for your children to and from school, please contact Pam Francis on 082 969 5638
