

SCHOOL PROSPECTUS

2025

MESSAGE FROM THE HEADMISTRESS

In the dynamic world of education, we have noticed the emergence of many “private schools” as businesses through the years, many of which are not registered or accredited. At Solid Foundations, we have built our school on family traditions and a 50 year-long history of educational excellence you can trust. We truly offer a “solid foundation” for your child, ensuring that you are paying for a world-class education at an affordable price, and providing your child with an invaluable start to their academic career.

Our school has always had a wonderful, warm, family-feeling permeating through the classes and school grounds. The staff are dedicated to developing quick minds, tender hearts and principled natures in our students. The staff at Solid Foundations have been carefully selected and trained for their passion - educating as a calling.

It is a privilege to be a part of a school that prayerfully considers its humble beginnings, and gives glory to God for its accomplishments thus far. Solid Foundations has grown young men and women of character, of integrity and of faith.

I am thankful for the opportunity to be part of your life, knowing that you will, in turn, become a very precious part of ours.

Dr Erika Helmbold

SCHOOL SYMBOL AND MOTTO

Our school symbol is that of an oak tree with deep roots. The oak symbolises strength and security, while the roots symbolize our belief in drawing that strength from a relationship with Jesus Christ.

Our school motto is: Deo Gracia!

Translated: To God be the Glory!

MISSION

To glorify God by continuing the legacy of providing a high standard of education, established by the school's founders in 1972.

VISION

To be recognised as a Christian family-based organisation providing academic excellence without compromising on a warm personal atmosphere ("Keep it excellent, keep it personal").

KEY VALUES

- The Bible is the Word of God, which is the basis for all instruction principles.
- Every child is equal before God and the law and no nationality, colour, creed or heritage will influence that value.
- Children have a right to the opportunity to receive the best education and development paths possible and available.
- The recognized best educational practices will be pursued and the requirements of the Gauteng Educational Department will always form the foundation of such practices.
- All assistants, councilors and teachers will be adequately skilled and where required and appropriate, suitably qualified.
- Consultation with teachers, parents and the various education and local authorities is essential and will be undertaken on a regular basis.
- All our efforts will be conducted enthusiastically and with joy with due recognition that our children are our number one priority.

SCHOOL HISTORY

Solid Foundations began as Mickey Mouse Nursery School, founded in 1972 by Dutch immigrants, Emmy Bradshaw; Marianne van der Zeyden and their beloved parents 'Oupa and Ouma Korver'. Mickey Mouse rapidly became a landmark in the community, having been established in a somewhat unpopulated veld area with the community growing around it. The first preschool intake numbered 26 pupils. Since then the preschool has grown and is currently capped at approximately 100 pupils ranging from Grade RRR to Grade R.

In answer to an urgent need for affordable private education, our primary school, 'Solid Foundations' was officially launched in January 1996. The school has come to be regarded as a family, with some staff members who have watched the school grow and have grown with it for over forty years. The history of the school has been woven with much laughter, joy and love. As our school is a primary school facility, our focus is on providing compulsory schooling for children from the age of 3 up to, and including, Grade 7. The school can accommodate approximately 430 pupils.

The staff of the school is committed to providing the best education for the children. Education is provided through the medium of English. Children are encouraged to be creative, to develop all the necessary skills for a balanced life-style and most importantly, children are constantly being taught and guided in their Christian lives and faith.

Our school strives to maintain a dynamic and positive attitude, keeping abreast of the developments that have occurred in education. When considering the school's future, we are committed to maintaining a high standard of education according to the DBE's requirements, exceeding the expectations of the community which we serve. We will strive to remain flexible and teachable, advancing good quality education and training and opening the doors of learning to all.

SCHOOL POLICIES

Policies governing the operation and management of the school are available for public viewing on the school website and are updated annually or more often if required.

SCHOOL TERMS

Generally, the school follows the terms stipulated by the Department of Education. Slight alterations may occur, but these will be announced in the school newsletter (emailed weekly), on the school communicator system (D6) and on the school website.

OPERATING HOURS

All pupils should be at school by the latest 7h25 every morning. Assembly and prayer begins at 7h30 sharp.

Collection times:

Grade RRR & RR	12h45
Grade R - 3	13h00
Grade 4 - 7	13h30 (some classes on select days may extend to 14h10. Please see your child's personal time-table).
After Care	17h30

All pupils should be collected within an hour (Preschool and Foundation Phase) or a half an hour (Senior Primary) of their last class. Children collected after this time will be charged After Care fees for the afternoon.

All children collected after 14h30 must be SIGNED OUT on a clipboard by After Care staff. In this way, we DO NOT CHARGE YOU if your child remains after hours for an extra-mural activity. To benefit from this, your child does have to be collected within a half an hour of the extra-mural's conclusion time, however.

SCHOOL GATES

Moorivier Gate/ "Troll Bridge" gate by the veld (parking area available)	6h30 – 7h30	12h45 – 17h30
Maraboe Gate by the office entrance (drop and go)	7h00 – 7h30	
Korhaan Gate by the first cul-de-sac off the main road (drop and go)	7h00 – 7h30	
Korhaan Gate 2 by the prefab buildings		After Care access during the holidays

Our school has several entrances, which can make drop-off and collection a bit tricky to grasp for new families. If you would like to park and walk your child in, please park in the veld (Moorivier Drive) and use the gate by the "troll bridge". Alternatively, you can park in a parking bay around the school and walk your child through the "drop and go" gate on Maraboe Street near the school office entrance.

A recommended "drop and go" option is also available at 5 Korhaan Street gate (cul-de-sac).

The only gate available for collection in the afternoon, however, is the veld gate (Moorivier Drive) by the “troll bridge”. In this way, one responsible staff member checks each child as they leave, ensuring the security and safety of our pupils going home.

ADMISSIONS

Fundamental Guiding Principles

- The school reserves the right to select applicants based on factors like aptitude, behaviour and payment records with preceding schools
- The school will not discriminate against any persons wanting access to our institution on the basis of race, gender or ethnic orientation
- Applicants to the school are required to accept and respect the fundamental Christian ethos of the school and understand that Christianity will be taught, practiced and lived in the classes.
- Parents enrolling agree to accept the policies on which the school operates (signed acceptance is required on the school contract).

General Admissions:

- Children starting Grade R turn 6 years of age in the year concerned.
- Pupils must submit a copy of their birth certificate for admissions. Foreign pupils must submit a copy of their passport and current visa.
- Pupils transferring from other institutions to Solid Foundations must successfully pass an entrance examination for each grade.
- One term’s written notice (3 months) must be submitted to the principal before leaving the school.

Acceptance Criteria:

- The school will not take zoning areas into consideration when accepting applications i.e. preference will not be given or withheld on the basis of residential address of the learner.
- Applications will only be guaranteed once the enrolment form has been completed in full and the non-refundable enrolment fee has been paid in full.
- The school will accept enrolments of special health need learners provided that supportive care in a safe environment exists to meet the child’s individual needs in a developmentally appropriate way.
- The school reserves the right to accept Grade RRR and Grade RR pupils based on an initial interview and brief verbal screening, Grade R and Grade 1 applications based on an aptitude screening test, and applications at any other grade level based on an examination of the Mathematics and English abilities of the pupil. Children not obtaining the minimum entry level requirement through these screening procedures are declined access or may, based on the discretion of the principal, gain access at a lower grade level.
- The school will endeavour to accept as many applicants as are appropriate, given the number of tables, chairs, workbooks and textbooks available for each learner. No foundation phase class will exceed 26 pupils and no intermediate/senior primary phase class will exceed 24 pupils.
- Preference for access into the primary school will be given to learners who have attended the school’s preschool division for two or more years.

- The school reserves the right to accept or reject application on the basis of a child's behaviour. The applicant may be required to provide references testifying to his/her behaviour and previous institutions of learning may be contacted to verify the abovementioned.
- The school will only consider applicants who are able to understand and converse in English.
- Preference will be given to the applications of learners who have siblings or other family members already in the institution, although this does not serve as a guarantee for access into the school.
- The school may deny access on the basis of a poor prior school fees payment record with a previous school or in previous years at Solid Foundations.
- Pupils currently in the school's Grade RR and R classes are subject to testing in July/ August of the school year to assist the school in making a decision regarding the child's promotion to the next grade. This score is taken into consideration together with the opinion of the child's teacher.
- Although our school is a Christian institution, we will not discriminate against any applications for enrolment, of persons with alternative religious codes or creeds, provided the individual and his/her parents accept the fact that pupils will not be exempt from any Christian-based religious instruction, festivities and activities in our school. Families of different religious orientation will be expected to read and agree to the terms stipulated in the school's Religious Policy.

CURRICULUM

Our school follows the DBE's prescribed CAPS curriculum content (excluding the DBE assessment programme and schedule, for which the school has its own policy). Our high academic standard ensures an easy transition from our primary school to any high school of choice (CAPS/IEB/Cambridge). Teachers are encouraged to enrich the prescribed curriculum content with digressing but relevant material, as long as the CAPS content is thoroughly covered at the conclusion of a school year.

FACILITIES

Our school offers the following facilities:

- 21 classrooms, the majority of which can comfortably accommodate 24 pupils per class
- A fully operational computer centre
- An After Care Centre
- School hall
- Two shaded playgrounds with a large variety of climbing and swinging equipment
- Several storerooms and administration offices

ASSESSMENT

Solid Foundations follows a continuous assessment approach, where learners will be expected to work conscientiously throughout the school year. We also focus on a variety of assessment methods to get a fair and reliable appraisal of a learner's abilities and strengths.

In preschool, two written reports are given annually. These reports are based largely on the pupil's holistic development.

From Grade 1 – 7, four academic reports are given annually. Our school regards a mark of 50% as a pass mark for a subject.

Report cards in the Foundation Phase will comply with the CAPS stipulated codes (1-7 point rubric system) for academic accomplishment.

Report cards for Intermediate and Senior Phases will contain actual percentages (reflecting academic attainment), along with the CAPS stipulated codes (1-7).

Parent meetings are usually held within a two-week period after report cards have been issued. These meetings may be general or by invitation only, based on the discretion of the teacher and parents.

Children in Grade RR and R are subject to school readiness testing in order to pass to the next grade. School readiness tests are administered in July/August each year.
